# Gender Pay Gap Report

Grundon Waste Management Ltd has prepared this report in line with the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017 and Equality Act 2010 (Specific Duties and Public Authorities) Regulations 2017, with the snapshot date of 5 April 2024.

At Grundon, we strive to ensure that we have a workforce that reflects the diversity of the local communities in which we operate, and we are committed to achieving equality and diversity by ensuring that we employ the best people with the appropriate skills, qualifications, aptitude and attitude. Once employed, we want to ensure that our employees can reach their full potential, and **we are confident that our Gender Pay and Gender Bonus Gap does not stem from paying males and females differently, for the same or equal work.**

## Relevant employees:

A total of **752 employees** were classified as “**full-pay relevant employees**” and were used in the reporting of hourly pay gap statistics. Of these 752 employees, **623 (83%)** are male, and **129 (17%)** are female.

## Gender Bonus Gap

At Grundon, we operate a discretionary annual performance bonus scheme and an annual loyalty bonus. The only criteria for employees receiving these bonuses are the length of service, otherwise, all employees qualify for these bonuses, where they are paid based on company performance and service.

The company was able to reward both the annual performance bonus and the loyalty bonus during the 12 months prior to the snapshot date.

Other bonus payments are made up of either commission, which is paid to our Sales teams for achieving sales targets, or weekly bonuses, which continue to feature heavily in the overall pay structure for our HGV and LGV Drivers, of whom over 99% are male and who made up approximately 42% of our workforce at the snapshot date.

We confirm that the information reporting is accurate and in accordance with the UK Government's Equality Act 2017 (Gender Pay Gap Information) Regulations 2017.
